## 2026 Interfaith Build

We are excited to join forces once again with local congregations for the 2026 Interfaith Build! This year, we will be constructing a one-story, single-family home at 785 Harrison Trace (near North Broadway & McConnells Trace). The homeowner we are sponsoring this year is Charysia and her three daughters. They are excited to move from an apartment rental into more space in their newly built home.

No construction experience is necessary—just a willing heart! The build kick-off will take place April 7th. [Click here to sign up.](#) As you navigate the opportunities for volunteering, select the address (785 Harrison Trace) for the correct build site.
